I have been following this case as "one of the consumers your settlement will benefit". This settlement is not even a slap on the hands for microsoft. Given this company's past and their complete disregard for the Rule of Law in abuse of monopoly power of which it has been convicted, YOUR REMEDY FOR MICROSOFT IN THIS SETTLEMENT IS A COMPLETE JOKE!!!! NOT ONLY WILL MICROSOFT CONTINUE IN THE SAME LAW BREAKING COURSE YOU HAVE BASICALLY TOLD THEM IT IS O.K.!!!!

Very dissatisfied
